

Dream Cheeky USB Roll-up Chess Game

<https://plus.google.com/+DanievanderMerwe/posts/Xidg8T7ZEMK>

Nothing can beat a good chess game to get your brain ticking, but finding someone to play with or getting out the old chess game and table isn't always easy. Dream Cheeky has got the problem solved! This portable, roll-up USB chessboard lets you play against friends or challenge the computer. The advanced software lets you e-mail snapshots of incredible plays and keep track of your moves in a data file. Simply un-roll the chessboard and bring on the fun! Rolls up to a small size.
