

## 08-1994 [A-0936] Excalibur - Stiletto II Deluxe

Excalibur Stiletto II Deluxe (#932WE) is een technisch identieke kloon van de CXG Sphinx Sierra. Een computer in imitatie houtlook zonder LCD-display voor de beginnende schaker.

# STILETTO II DELUXE

A beautiful addition to anyone's collection. This elegant looking wood-grained chess set is a handsome yet powerful game. Aside from the natural looking wood surface, the Stiletto II Deluxe has an estimated rating of 1650, 72 levels of play, Excalibur's Teaching Mode, memory save, and position verification. Not only will the Stiletto II Deluxe be a handsome show-piece in any home, but it's also a challenge to play.

# STILETTO II

The perfect game for everyone. With a special teach-mode specially built in, anybody can become an experienced player in no time. The Stiletto II also offers 72 levels of challenging play for beginners to advanced players. Some features include long term memory, 8 bit microprocessor, estimated rating of 1600, over 250 book openings, chess clock, position verification, memory save, take-back move and position set-up.

The Advanced Teach Mode teaches beginners in a simple, methodical way the fundamentals of chess, ranging from individual-piece moves to game strategies.
