A challenging Backgammon Computer in the same popular housing as our best-selling "Pocket Micro De Luxe" chess computer

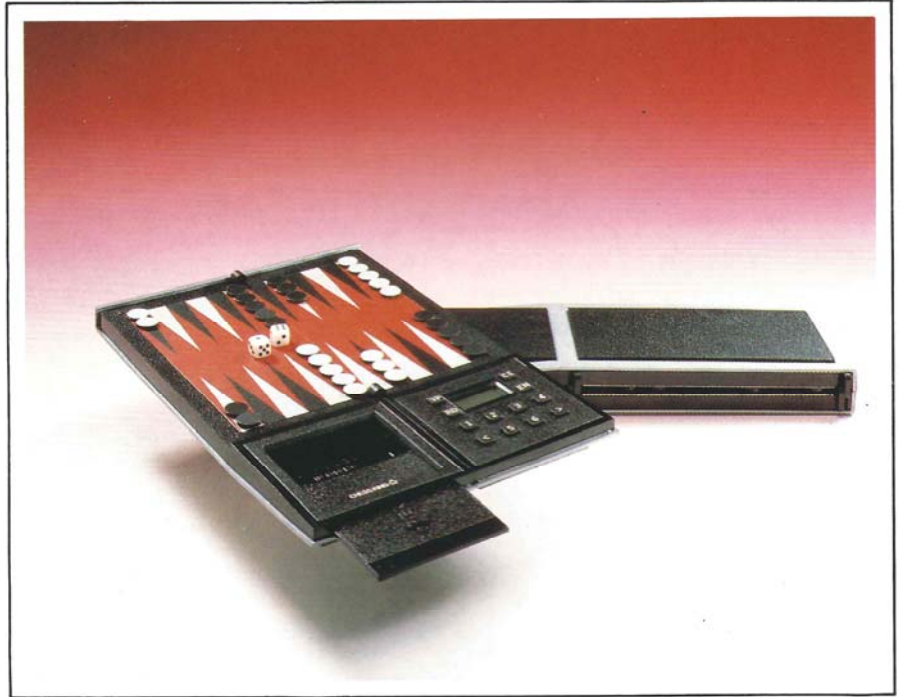

- The de-luxe folding backgammon board uses magnetic pieces. This popular format has been very successful for our chess products.
- Plays fully legal backgammon, including doubling.
- 8 playing levels.
- Takeback feature.
- Comes with two dice.
- Option for the computer to roll its own dice at random, or the user may roll the dice for both players.
- Position verify feature.
- Built-in drawer for storing men that have been borne off.
- Comes with free battery and leatherette carrying pouch.
- Battery life at least 400 hours.
- LCD display.
- Plays standard opening rolls.
- Low power mode stores the position for up to 11 years.
- Instruction book also teaches backgammon.
- 8 KB ROM.
- 256 bytes RAM.
- 6305 microprocessor, 2 MHz.

Backgammon Midget

The Backgammon Midget uses the same electronics and playing program as the Backgammon Computer featured above. This version is for use with your own full sized backgammon board at home, or with the small, folding backgammon board and set provided.

- Ideal for the player who wants to use his own backgammon set.
- Only 3.7" x 2.6" x 0.6" (9.4cms x 6.7cms x 1.6cms) – fits into any pocket.
- Offers all the same playing features as the Backgammon Computer shown above.
- 8K ROM
- 256 bytes RAM
- 6305 microprocessor, 2 mhz
