

11-1982 [E-4101] Fidelity - **Taro** (The computerized mystic card reader)

Model TFT. Uit oogpunt van het erfgoed van Fidelity Electronics, mag de Taro kaartlees computer zeker niet ontbreken! Welke verzamelaar zou dit nostalgische apparaat in zijn collectie hebben? Ik ken er maar één, en dat is de grote Duitse verzamelaar Manfred Vellmer. Trouwens, zou dit iets voor Madonna zijn ... zij deed toch ook aan Kabbalah?

TARO UNLOCKS THE SECRETS OF THE FUTURE

With TARO'S computer powers of interpretation, in billionths of a second, using a combination of Astrology, Kabbalah, Tarot, and modern science, TARO can instantly foretell your future; give your daily prediction; and answer important personal questions.

From Tarot, our computer has formulated a 20th Century program and deck of cards that reflect modern, scientific insight while retaining the mysticism of the original, ancient Major Arcana cards.

Now, Fidelity makes it possible for you to have your own personal card reader that is always available for your private use. TARO interprets meanings of the cards and gives readings much like a human card reader, but is objective and is never influenced by human emotions or other disturbing influences that may bias the true meanings of the cards as they are shuffled and selected by your hands.

After cards are entered into the slot below TARO's hands, the moving display shows messages.

TARO is 100% solid-state electronic circuitry, battery operated (9V), with easy-to-read LCD display and impact resistant housing. Includes complete deck of specially coded Fidelity cards. Battery not included. Size 8¼ x 7 x 4½ inches.

Origin of the fortune teller's Cards "The order of twenty-two"

An Abbe of the Roman Church attributes the beginning of the sacred and occult alphabet to Enoch, the oldest son of Cain. Twenty-two major Arcana cards represented the twenty-two paths from the Tree of Life. Later, Kabbalism married these paths to the twenty-two letters of the Hebrew Alphabet, constituting a complete unity of letters, cards, and paths. The evolution continued with the advent of twenty-two Tarot cards, authored by the Order of Initiates, under an oath of absolute secrecy.
